### The Finzean Estate in Aberdeenshire in Scotland's north has been in the Farquharson family for more than 400 years, stretching across 16 generations.

The farm has made many changes over that time, adjusting the ways it makes an income.

Now the estate compromises of a beef cattle enterprise, forestry and a farm shop with a cafe, selling local produce.

It also has various sporting elements,

8 Tools we use to Capture Ideas, Write Compelling Content, and Edit our Words

Posted by Taylor Pipes on 12 Jun 2015

Comment

"Either write something worth reading or do something worth writing." — Benjamin Franklin

These days, we're all writers.

The challenge is being clear and effective when we craft our daily communication.

At Evernote, we're constantly looking to turn new ideas into stories we publish on our website, blog, social media channels, and email newsletters.

Here are some of the tools our content team leverages to make that process efficient: While some of this may be overkill for you or your team, there may be some value in seeing how content gets created from the ideation stage to the editing phase.

Capture your ideas

1. Buzzsumo

Some of our stories start with a trend. Buzzsumo surfaces trends that people are talking about on social media channels. It also helps us connect to influential
