The Road Warrior

How To Keep In Touch With Your Data

Universal Internet

- AKA Wireless Broadband
- Not Wi-Fi
- Like glorified dial-up
- \$25.00 and up – some pay as you go
- Cellular Wireless
 - Rogers Rocket Stick
 - Bell Wireless Internet
 - Telus Internet Keys

The Road Warrior

How To Keep In Touch With Your Data

The Road Warrior

How To Keep In Touch With Your Data

- Microsoft Cloud ([Windows Live](#))
 - Many services
 - Mesh (remote computer access)
 - PCs must have log-in password
 - SkyDrive (online disk)
 - Must have Hot-mail Account
 - Demonstration
 - Mesh file synchronize
 - Mesh Remote access
 - SkyDrive

The Road Warrior

How To Keep In Touch With Your Data

- Windows Home Server 2011
 - Genuine Server
 - Allows Remote Access
 - Demonstrate
 - Shared Folders
 - Remote Access
 - More complicated
 - Co\$t\$ money
